INTERNATIONAL QUALIFICATIONS

We are global Leaders in justice and correctional solutions with 50 years of integrated expertise transforming justice systems worldwide.

For half a century, CGL has been the trusted partner for governments and justice agencies around the world, delivering comprehensive solutions across every phase of justice and correctional facility development.

From initial planning to long-term operations and maintenance, CGL's integrated service lines ensure projects are delivered with operational efficiency, cost-effectiveness, and a focus on rehabilitation and community impact.

A COMPREHENSIVE APPROACH TO JUSTICE AND CORRECTIONS

CGL's success lies in its holistic, data-driven 360 Justice Proven Process, which seamlessly integrates five core service lines to meet the complex demands of correctional systems worldwide: Planning & Design, Program Management & Construction Services, Operations & Management, Engineering & Maintenance, and Owner's Representation. This approach ensures that every project is thoughtfully planned, efficiently executed, and sustainably managed.

PLANNING & DESIGN

- Master Planning, Feasibility Studies, and Needs Assessments
- Space and Growth Management, Phased Development
- Architectural and Operational Programming
- Site Selection and Conceptual Design

PROGRAM MANAGEMENT & CONSTRUCTION SERVICES

- Full Project Oversight and On-Site Representation
- Design Team and Contractor Procurement
- Construction Management, Scheduling, and Cost Control
- Quality Assurance, Warranty Management, and Post-Occupancy Reviews

OPERATIONS & MANAGEMENT

- Operational Analysis, Organizational Assessments, and Staffing Studies
- Public Engagement, Policy Research, and Performance Reviews
- Risk Assessments, Litigation Mediation, and Transition Consulting

ENGINEERING & MAINTENANCE

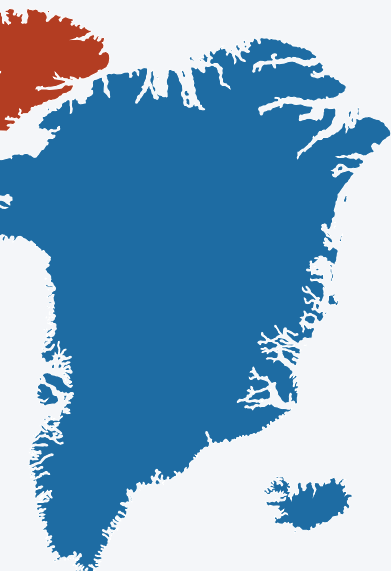

- Facility Condition Assessments and Preventive Maintenance
- Energy Management and Life Cycle Asset Planning
- Capital Improvement Programs and Commissioning Oversight

OWNER'S REPRESENTATION

- Advocacy and Oversight at Every Project Phase
- Design Compliance Monitoring and Standards Management
- Change Order Control and Cost Management

Over the past five decades, CGL has established a commanding global presence in justice and corrections, delivering over **100 projects** across **23 countries**. Our international portfolio spans **six continents**, reflecting deep expertise in diverse legal, cultural, and operational environments.

From pioneering the design of the **23,000-bed Changi Prison Master Plan** in Singapore to transforming Mexico's penitentiary system with scalable solutions accommodating nearly **30,000 inmates**, CGL has consistently driven innovative correctional practices worldwide.

OUR IMPACT

Our comprehensive services have enhanced correctional facilities in emerging markets like Peru, Costa Rica, and Moldova, while supporting advanced systems in nations such as Canada, Australia, and the United Arab Emirates.

This extensive experience includes delivering rehabilitation-focused facilities, implementing strategic master plans, and providing operational consulting and transition services. CGL's global impact demonstrates our commitment to creating secure, efficient, and humane environments that align with international standards and support successful inmate reintegration.

✓ **Global Reach + Local Impact**

Decades of successful projects across diverse cultural and operational landscapes.

✓ **Integrated Solutions**

Comprehensive services from planning to facility activation and beyond.

✓ **Operational Excellence**

Data-driven insights ensure efficiency, safety, and sustainability.

✓ **Commitment to Rehabilitation**

Facilities designed to support inmate rehabilitation and successful reintegration.
